### PROMOTE

- We work with you to help spread the word in your community about your group's need for beds - and will continue to do so until every pet in your care has a bed. But getting beds donated to your group is just the beginning! We're here to help you build support, too.

### THANK DONORS & BUILD SUPPORT

- Giving a bed is a different experience for a donor than writing a check. A bed is a tangible, visible gift to a pet in need. Many sustaining donors start their relationship with a group through a bed donation.
- Receiving a bed offers you a unique opportunity to engage with the donor. Sending a photo of a pet resting comfortably on the bed they donated is a powerful acknowledgement.
- Most groups continue to receive beds after their initial needs are met. They use spare Kuranda Beds to build foster programs and support local rescues.
- Kuranda Beds are a helpful gift for adopters. The familiar beds can help ease the transition into a new home for hard to adopt pets.
