TRUE UMBRELLA COVERAGE

SHELTERING YOU FROM
LIFE'S RISKS

In our ever-changing world, you should take a moment and check what kind of protection you have in place. XINSURANCE will address any gaps in coverage due to evolving trends, change in lifestyle and activities, and more.

TRUE UMBRELLA

Traditional policies (homeowners, auto, etc.) don't always provide all the insurance protection you need to safeguard your assets from some incidents, accidents or lawsuits. Personal umbrella policies (also known as PUPs) are excess liability policies that provide an additional layer of protection to protect you and your family from this risk. Everyone needs one to protect their assets!

At XINSURANCE, our professional staff assesses exclusions and gaps in your homeowners, employers, and business insurance policies then crafts a customized insurance coverage umbrella for your unique risks and liability exposures.

This is a **True Umbrella. True Coverage. True Peace of Mind.**

Why the need for an umbrella policy?

Our True Umbrella provides additional liability protection to your homeowners, auto and other personal insurance coverages. Don't let inadequate insurance coverage leave you at risk.

The XINSURANCE Difference

People are filling up courtrooms across the country in an attempt to hold others individually responsible for mishaps, mistakes and even well-intentioned actions.

XINSURANCE offers options to protect you and your assets if an incident or claim occurs while at home, work or play. XINSURANCE provides solutions for insurance protection, a partnership approach, and a defense if you are named personally in a lawsuit. Any lawsuit can easily deplete your insurance policy limits, so excess liability policies provide a cushion.

We can plug the leaks in your insurance coverage and provide solutions for the protection you deserve to safeguard you, your family and your assets — giving you **true peace of mind!**
