Are you ready for a mature relationship?

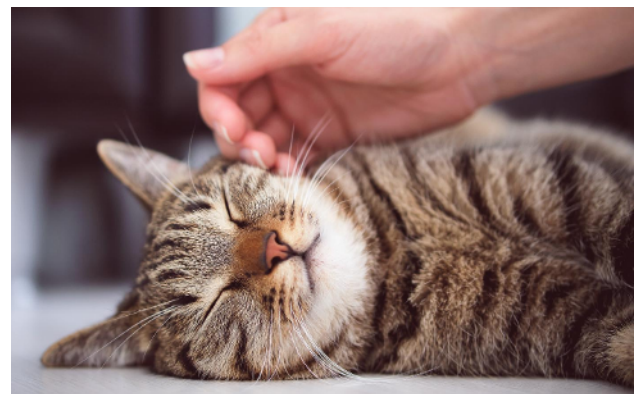

Maybe you've reached the stage of life where you actually like your furniture or you're busy raising young children.

Or perhaps you've had your share of young pets and know the hilarious chaos they can bring into your home...and you'd rather not.

You're in luck! Senior pets have put their wild years behind them.

Most are housetrained, and they wouldn't dream of chewing your shoes, shredding your curtains or scaling the backyard fence.

So take a look at our many distinguished senior cats and dogs. They're ready to spend their golden years with you!
